

NEW ENGLAND COUNTRY INN

(813) 960-7092 / cateringbyrobert@aol.com www.cateringbyroberttampa.com

Tucked away on winding roads throughout New England, are inns for the tired and hungry. Many comfort foods from this region have their roots in Great Britain and the native Indians who taught early settlers how to make the most of growing hearty fruits, vegetables, and grains. The docks of coastal cities share an abundance of fresh seafood used in many country inn recipes.
